# MARMOREA

Un'approfondita ricerca materica ed estetica, al fine di riprodurre le sensazioni delle superfici dei marmi pregiati di cava, dà origine a superfici di grande profondità e luminosità. La tecnologia di decorazione digitale è riuscita a sviluppare cromie e sfumature tipiche dei marmi più classici, riproducendone la caratteristica variabilità. Ricerca, gusto raffinato, design originale per la proposta decorativa ispirata all'opera di un grande architetto si fondono, ancora una volta, armoniosamente insieme.

*In-depth research into materials and visual effects to reproduce the sensations of precious quarry marble surfaces, bringing life to surfaces with great depth and luminosity. The digital decoration technology has successfully developed the typical colours and shading of the most classic marbles, reproducing their characteristic variability. Research, sophisticated taste, original design for this range of decorations inspired by the work of a great architect, blending harmoniously together once again.*
